

MIDDLEPICKER

"MIDDLEPICKER BRINGS THE NASTY"

Formed during the tenure of guitarist Kyle Kosieracki's previous band Grickle-Grass, Middlepicker broke the ice in 2003 with feel-good indie rock violence-cum poetry. Formed initially with guitarist Bill Zastera, bassist Kristen Anderson, and drummer Jonathan Hogland, Middlepicker recorded one incomplete demo record with Minneapolis producer extraordinaire Mike Wisti in the late fall of 2003 before temporarily disbanding. After a regroup, and the addition of new drummer Justin Lawson, Middlepicker returned to the studio and delivered the full-length "Middlepicker Brings the Nasty".

"Middlepicker Brings the Nasty" is a rollicking and drunken rage. Angry, desperate, and powerful, the lyrics conjure up dark fears of failure and elegant images of aerial grandeur. Every cigarette ever smoked and every shot ever shot lent their broken spirit to the tracking of this classic record...but don't cry, roar.

Great hooks and unacceptable offers like 'You bring the beer and I'll bring the nasty' made us snatch up this gem and offer it up for sale today. Download the full album, keep abreast of upcoming shows, and examine bonus tracks and video at www.royaltyetc.com/middlepicker
